

**College of Engineering Chengannur**  
**Department of Computer Engineering**  
**B. Tech. Computer Science & Engineering**  
**CSD415 Project Phase I (2023)**  
**Periodic Report No. 2 (For the period 04-09-2023 to 20-09-2023)**  
**Forum Management System**  
**Project Group Number: 1**

Who?	Work Assigned	Work Done	Work Scheduled for Next 10 Days	Assessment Guide by	Score(100)
Group	Discuss and finalize the topic for the project with guide approval	Discussed different topics including kudumbashree app, forum management, Exam platform and finalized into Forum management.	To continue discussions with different forums to gather requirements and commence the design phase.	Assessment remarks by the guide	
31 Karthik Vijay	Identifying and research various forums operating within the college.	Listed the Forums in college and Focussed on Next Js Frontend Framework	Delve into the Express JS backend framework and expand my knowledge in this area.		
43 R Ashwin	Learning the React framework, with a particular emphasis on the React Native framework.	Designed a mind map that effectively outlines the key features of the Forum Management System. Started Learning Javascript along with react framework	Initiate the design and architecture phases and commence documentation for our project.		
48 Sanjay Mathew	Conducting research on project ideas generated during our previous discussions. I've been actively exploring relevant papers and projects, aiming to identify existing issues and unmet needs within the current college website.	Conducted a detailed examination of the college's website and discovered that another team is already working on a similar project. Consequently, we've decided to abandon this idea.	Learn Next JS for the frontend development of our project, collecting information about event management systems and report methods used by different college forums.
